SIR FRANCIS HENRY GOLDSMID, Bart.

Early in May last the Council received with deep regret the announcement that Sir F. H. Goldsmid had met with a fatal accident. For many years he had taken a warm and active interest in all that concerned the welfare of the College and the Hospital. On the day before his death he had attended an important meeting of the Senate, of which he was President.

The loss of his aid and counsel is deeply felt by those who have been long associated with him in the management of the College. The munificent support, however, that he was ever ready to give when funds were needed for extending the usefulness of the College and the Hospital, has not ceased with his life. To the College he has bequeathed £40,000, to the Hospital £10,000; and the Council are now deliberating on the fittest method of applying the income of the former sum in accordance with the terms of the Bequest.

An offer by Lady Goldsmid of a portrait of her late husband has been gratefully accepted by the Council.

In accordance with the Bye-Laws, an Extraordinary General Meeting of the Members of the College was held on Saturday, July 6th, for the purpose of filling the vacancy occasioned by the death of Sir Francis Goldsmid, when the Right Honourable G. J. Goschen, M.P., was proposed by the Council for election as Treasurer, and was unanimously elected.

DEATHS OF OTHER MEMBERS OF THE COLLEGE.

The deaths of the following Members of the College have also been reported:—

Mr. Thomas Binns.
Mr. Henry Browne.
Mr. Francis Cholmeley.
Mr. James Dawson.
Mr. R. H. Greg.
Mr. E. J. E. Jenings.
Mr. E. J. Nettlefold.
Mr. Benjamin Noten.
Mr. Joseph Payne.
Mr. Michael Pearson.
Right Hon. Earl Russell.
Mr. Dennis M. Samuel.
Mr. William Slark.
Right Rev. Connop Thirlwall, D.D.
Mr. Serjeant Tozer.

PROFESSORSHIPS.

At the end of the current Session, Sir William Jenner, who has already resigned his office of Physician to the Hospital, will retire from the Professorship of Clinical Medicine, which he has held so long and with such advantage to the College and the Hospital.

Professor Russell Reynolds having retired at the close of the last Winter Session, has received the title of Emeritus Professor of Medicine and Clinical Medicine. His Professorship has been assigned to Professor Ringer, and the Chair of Materia Medica thus vacated has been filled by the appointment of Dr. F. T. Roberts.

The title of Professor of Clinical Medicine has been conferred on Professor Bastian.

Continued ill-health has compelled Professor Sheldon Amos to resign the Chair of Jurisprudence. This has been assigned to Professor Hunter, who has also consented to continue to hold his class of Roman Law till the end of the present Session.

Professor C. P. Brown and Dr. Sankey have resigned respectively the Professorship of Telugu and the Lectureship on Mental Diseases.

To promote the study of Applied Science, the Council have established Chairs of Chemical and of Mechanical Technology. For the former they were able at once to secure a fitting occupant in the person of Dr. Charles Graham, who had already done good service in the College. With regard to the Professorship of Mechanical Technology, they have not been equally successful; but they trust that the Senate will eventually feel able to recommend some gentleman possessing the somewhat varied qualifications required for such a Chair.

During the present Session the College is deprived of the services of Professor Clifford, the state of whose health necessitates complete rest. On the recommendation of the Senate and of Professor Clifford himself, Dr. Lodge has been appointed as his deputy to conduct the class of Dynamics.

ADMISSION OF WOMEN TO COLLEGE CLASSES.

The Council, with the hearty cooperation of the Senate, have now provided Professorial instruction for Women in all subjects belonging to the Faculties of Arts and Laws and of Science.

In taking this important step they have been guided by the experience gained in past Sessions through the gradual admission of women to some of the College Classes, and through permitting the Classes of the Ladies' Educational Association to be held within the College. A large number of ladies have availed themselves of the advantages now offered at a time when the University of London is prepared to confer Degrees on women, and there is an increasing demand for their higher education; and the Council have every reason to be satisfied with this extension of the usefulness of the College.

The Ladies' Educational Association, on bringing to a close their successful exertions, have forwarded to the Council the balance left in their hands as a donation to the Building Fund.

EXTENSION OF THE BUILDING.

On the occasion of the fiftieth year of the College and in view of the great demand for space, especially for Practical Classes and the Fine Art School, it was determined last Session to extend the Building.

On the 9th of July Lord Granville laid the Foundation Stone of the Extension of the North Wing and afterwards presided at a Luncheon at which nearly four hundred friends of the College were present.

In connexion with this Festival an appeal to the Public has been made to provide the means for this development of the College; and the Council have once more to express their gratitude to Mr. Samuel Sharpe, who has contributed £5000 to the Building Fund. This Fund now amounts to £16,530*; but as the completion of the first instalment

contemplated will involve an expenditure of £30,000, it is hoped that the friends of the College will not relax their efforts to obtain subscriptions.

Mr. Sharpe has also defrayed the cost of enclosing the South Cloister, thus adding greatly to the comfort of the students and others who frequent that part of the College.

ENGINEERING DEPARTMENT.

A sum of £350 granted by the Council for the purposes of the Engineering Laboratory, in accordance with the recommendations of their Committee on Applied Science, has been expended in the purchase of a Testing Machine, which is expected to prove of great service in various ways.

The Members of the College will be glad to learn that the development of the Laboratory is making satisfactory progress under the able management of Professor Kennedy, and that the Gilchrist Trustees, in addition to a Grant of £200, have offered a Scholarship of £50 per annum, tenable for three years, for the encouragement of the study of Engineering.

BARLOW BEQUEST.

In accordance with the terms of Dr. Barlow's Will, a course of twelve Lectures on Dante's 'Divina Commedia,' free to both sexes, was given last Spring, and a similar course will be delivered this year.

MALDEN MEMORIAL.

The dies for the Malden Medal and the balance of the Malden Memorial Fund (amounting to upwards of £480) have been presented to the College for the purpose of founding a reward for high distinction in the Faculty of Arts and Laws.

A Medal, with the balance of the income of the Fund and the title of Malden Scholar, will be annually awarded to the most distinguished Student in that Faculty of three years' standing having a creditable knowledge of Greek, provided he be specially deserving of the distinction.

MILL MEMORIAL.

The Committee of the Mill Memorial Fund have transferred to the College the surplus of the Fund for the purpose of founding a John Stuart Mill Scholarship of the value of £20, open to the competition of both sexes, for distinction in the study of the Philosophy of Mind and Logic.

Mr. Woolner's model for his statue of Mill has been presented to the College by Mr. Arthur Grote, and is placed in the South Cloister.

TUFFNELL SCHOLARSHIPS.

The late Charles John Tuffnell, Esq., has bequeathed to the College the sum of £5000 for the purpose of founding two Scholarships in Chemistry. A Tuffnell Scholarship of £100, tenable for two years, may be awarded annually, alternately for distinction in Analytical and Practical Chemistry and in General Chemistry.

THE LIBRARIES.

The principal donations of books during the past year were from the following:—Lords Commissioners of H.M. Treasury, Lords Commissioners of the Admiralty, Secretaries of State for Foreign Affairs, for India, and for War, Local Government Board, Asiatic Society of Bengal, Royal Society of Literature, Society of Antiquaries, of Arts, of Engineers, of Telegraph Engineers, Institution of Civil Engineers, of Engineers and Shipbuilders in Scotland, Iron and Steel Institute, the Clinical, Obstetrical, Pathological, Pharmaceutical, and Royal Medical and Chirurgical Societies, the New Shakspere, Philological, Physical, Royal Asiatic, Royal Astronomical, Royal Cornwall, Polytechnic, Royal Microscopical, Statistical, Manchester Statistical, and Zoological Societies, the Royal Institution, the Quekett Microscopical Club, Professors Clifford, Erichsen, Hewitt, Hill, Jevons, Marshall, Robertson, and Sharpey, Drs. Harley and Powell, E. Arber, Esq., F. Marcet, Esq., A. Prevost, Esq., S. Sharpe, Esq., C. Tomlinson, Esq., W. Whitaker, Esq., and J. Williams, Esq., Q.C.

PEEL MEMORIAL FUND.

The income of this Fund in 1878 was expended in the purchase of books, &c., presented to the Dover Working Man's Institute, the Tavistock Mechanics' Institute, and the Truro Institution.

The Balance of the Dividends now in hand is £66 6*s*.

HOSPITAL.

The total cost of the year was as follows:—£3555 19*s*. 8*d*. in settlement of debts of 1876–77, including repayment of Loan of £1000 from Bankers; £13,945 13*s*. 6*d*. on account of current expenditure, also including repayment of a Loan of £2000 from Bankers; leaving a balance of outstanding bills from tradesmen of £3338 18*s*. 7*d*. In addition, £9000 has been added to the Invested Funds.

The total receipts for the year ending October 31st, 1878, including Legacies, the balance from the previous year, and a Loan of £4000, were £29,626 11*s*. 3*d*.

The balance at the end of the financial year was £3122 16*s*. 1*d*.

The Committee of the Metropolitan Hospital Sunday Fund awarded to University College Hospital, from their 1878 Collection, £937 10*s*., being £37 10*s*. less than the sum received in the previous year.

The Committee of the Hospital Saturday Fund have also granted to this Hospital, from their 1878 Collection, £123 15*s*. 3*d*.

J. Eric Erichsen, Esq., F.R.S., presided at the Festival held on May 21st, 1878, on which occasion the amount subscribed was nearly £900. The Dinner was well attended by past Students of the Hospital, together with the present Staff.

The difference in the amount collected at the last Dinner by comparison with former years was, to a great extent, owing to the loss of the £300 so liberally subscribed at each Festival Dinner by the late Sir Francis Goldsmid, Bart.

Mr. George C. Henderson was appointed on December 7th, 1878, Resident Medical Officer, in place of Dr. Jameson, resigned; Mr. S. H. Burton was appointed Surgical Registrar, in the place of Mr. A.

J. Pepper, resigned, but held the office for only a few months, having obtained the appointment of House Surgeon to the Norfolk and Norwich Hospital; Mr. Silcock was accordingly appointed, in January last, to the position vacated by Mr. Burton.

The Council regret to announce the resignation by Sir William Jenner, Bart., and Dr. J. Russell Reynolds, of the position of Physician to the Hospital, after a very lengthened period of service; and they cannot but record their grateful appreciation of the very valuable services these gentlemen have rendered to the Hospital and Medical School.

The Council, on the unanimous recommendation of the Hospital and Medical Committees, have appointed them "Consulting Physicians to the Hospital."

Return of Services of the Members of Council from February 8, 1878, to February 7, 1879, inclusive.
